

WARRANDALE

PROJECT PROFILE

Project Overview

Company: Warrandale

Industry: Landscaping

Location: Liverpool Road,
Kilsyth

Size: 45 square metres

Features Installed:

- Plaster Wall System
- Modular Wall System
- Stud Wall

The Problem:

Needed to increase office space.

The Solution:

Two-story mezzanine office.

The Problem

Warrandale were running low on space, which was impacting on their ability to operate at full efficiency. Due to the nature of their industry, it was crucial that they have a designated area for their staff to work in.

The lack of space was taking its toll on operations and Warrandale's employee's ability to work.

The Solution

After discussions between Heighton Mezzanines and Warrandale, a two-storey office mezzanine was deemed as the best storage type for the warehouse. This provided the warehouse with a structural mezzanine, combined with an enclosed office.

The Outcome

Warrandale were provided with a two-story mezzanine. This provided them with an area they could work effectively and efficiently.
